To the Board of Directors of Swedbank

2014-12-23

In my capacity of shareholder of the Bank I hereby propose the following.

During the now soon expired year the Bank has been in focus in two, not so flattering courses of events, partly in regard with the Bank's attempted acquisition in the real estate agent business and partly in regard with the Bank's equity fund management. In light of this I humbly propose that the AGM 2015 resolves on an examination through a special examiner regarding these two above mentioned high-profile lawsuits, as regards background as well as consequences for the Bank.

Möln dal day as above, with a wish for a Joyful Christmas and a Happy New Year on the stock market!
