Regarding proposal for decision

In my capacity of shareholder I wish to have the following matter, proposal for decision, on the agenda for the Annual General Meeting 5 April 2016. The proposal aims to facilitate for the company to acquire, tighten and develop small share investors.

I propose that the Annual General Meeting resolves to instruct the Board of Directors and/or the CEO to - in order to strengthen the company's competitiveness – create basic services for share investors, as except deposition free of charge, supporting documentation for tax returns should be offered and the lowest commission should be SEK 40 (forty), at most.

Please, confirm receipt.

Kind regards,
