

Exclusion list

Below is an overview of the companies that Swedbank Group, in accordance with the current policy framework, does not finance or invest in. Swedbank Robur excludes all securities issued by the companies. Exclusions are related to direct investments in companies as well as in equity derivatives in companies. The exclusions are not applied to investments in index derivatives. The companies may be part of certain funds to a small/limited extent, through the purchase of external fund units. In such cases, the influence work towards the companies is done/conducted by the external fund provider.
