Proposal to the Annual General Meeting at Swedbank to reintroduce the bank books.

I hereby propose to this year's Annual General Meeting at SWEDBANK, to reintroduce the bank books.

Thanks to keeping my bank books in my deposit box, however in another bank, I received immediate notice that my bank book in SWEDBANK had been stolen. That was worth all funny comments that I have received through the years.

Had I kept my money in my Internet bank, I would have been the one with the burden of evidence for the loss. Now, I was able to immediately block this bank book account, and allow myself a good night's sleep.

Kind regards
