Regarding proposal for decision

As shareholder in Swedbank I submit the following item, proposal for decision, to be added to the agenda for the Annual General Meeting 2019.

The purpose with the proposal is to improve for shareholders in Swedbank, so they can get access to the voting list in a better way. Already at the AGM 2015, Swedbank spent a great deal of time talking about the importance of digitization within the bank, to participating shareholders.

Hence, I propose that Swedbank makes a digital version of the final voting list available to shareholders, when it is requested.

Kind regards
